How To Make A Paper Lantern

1. Cut off end of the paper (with logo), this will be your handle.
2. Decorate the sheet + handle with designs and patterns using your choice of art material.
3. When ready, fold your paper in half lengthwise along the dashed line.
4. Cut the marked lines along the sheet (do not cut to the edge of the paper).
5. Unfold the paper.
6. Use tape, glue or staples to attach the two sides.
7. Staple or glue the handle to the top of the lantern.

(You can even print on coloured paper!)
